- Perform data entry and research in various systems and tracking tools.
- Apply knowledge of processes and related systems to assist in identifying, assessing and resolving issues/problems.
- Assess and resolve non-standard and standard issues or problems. Seek advice and escalate issues when faced with tasks/problems outside the scope of the work.

Technical Skills

HTML 5 & CSS 3 | Bootstrap

Javascript | jQuery

MySQL

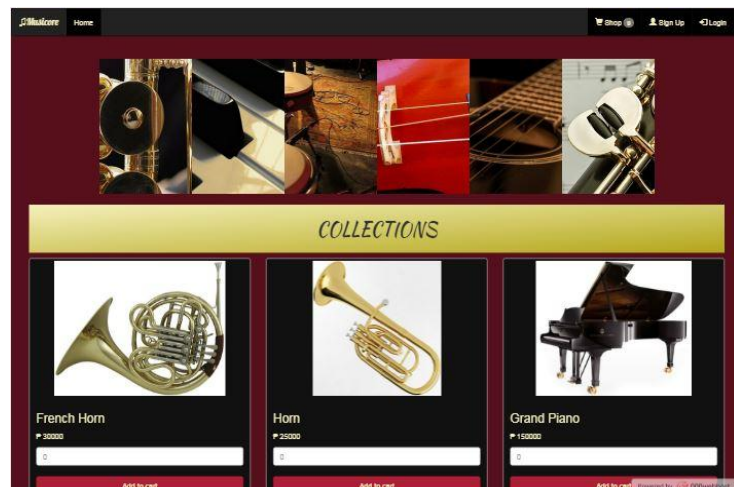

PHP | Laravel

Git Version Control

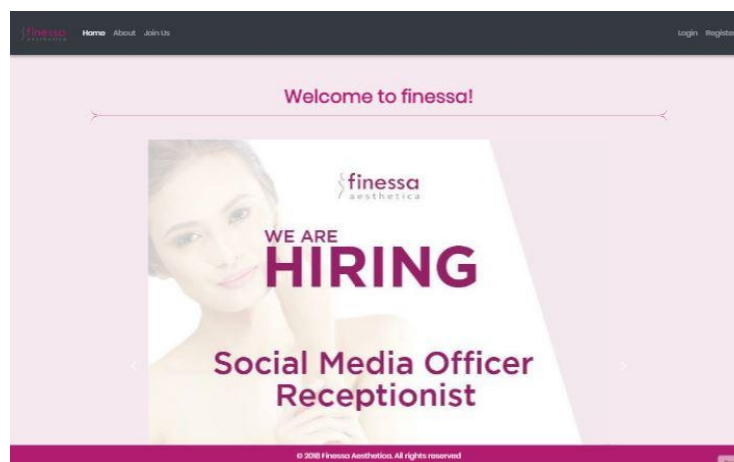

Cubeseeker: A Rubik's Cube Blog and specialty store. The layout showcases the different functions of the site, with the most popular products and most recent blog posts at the top. Responsive web design has been implemented in order to preserve readability of content on different devices.

Technology used: HTML 5, CSS 3, Bootstrap 3. Responsive Web Design.

Musicore: Online music store. Accordion Image Gallery has been utilized as banner and serves not only as decoration but also as the category filter for items. Adding, updating and deleting product information has been employed as an admin-restricted functionality. Similar function for orders has been initiated for customers with the exception of cancelling "in-transit" request.

Technology used: HTML 5, CSS 3, Bootstrap 3. Responsive Web Design, Javascript, jQuery, PHP.

Finessa Aesthetica: A career page for a skin care company. Designed and implemented relationship models that allow admin account to access job posting information together with applicants' information. It also allows applicants to view their pending applications.

Technology used: HTML 5, CSS 3, Bootstrap 3. Responsive Web Design, Javascript, jQuery, PHP, Laravel.
